TAILOR-MADE TABLE TOP	DEL BAMBU SAS manufactures table tops according to our customer needs. The maximum dimensions are: 130cm X 268cm and Thickness from 30mm to 80mm						

ADVANTAGES OF "BAMBOO GUADUA WOOD" TABLE TOPS	
Surfaces with a distinctive natural beauty given by the <i>"Bamboo Guadua Wood"</i> grain. Each surface comes with a unique fiber pattern.	
Suitable for kitchen furniture, dining tables, restaurant tables, and any other surface that requires high resistance and long useful life.	
All exposed surfaces (called the visible face) are finished with high resistance polyurethane lacquers. Options: matte, semi-matte, and glossy. Open or closed pore. The bottom surface (not visible) is sealed and fine sanded.	
Our boards are immunized and sterilized in an autoclave. We don't use polluting substances coming from chemical synthesis.	
All of our table top surfaces are kiln dried (chamber dried), fine sanded, and calibrated.	
Solid boards, made with jointless guadua slats. This characteristic gives unique structural properties to our boards.	
Environmentally friendly boards with a low carbon footprint.	
<i>"Bamboo Guadua Wood"</i> has natural antibacterial properties.	
NOTE 1 : FOB price is calculated for at least one whole container and in the Buenaventura port (Colombia)	
NOTE 2 : for additional information, please refer to the <i>"BAMBOO GUADUA WOOD"</i> technical datasheet.
